PROFESSIONAL EXPERIENCE

Senior Experience Designer II | Verizon

Hyderabad, India (Hybrid) • *Oct 2024 – Jul 2026*

- Led cross-disciplinary teams designing AI-enhanced, user-centric digital solutions for device activation and smart setup, driving a 25% increase in product adoption.
- Partnered with product management to define user flows and interaction patterns, improving onboarding efficiency by 30%.
- Conducted usability testing across Device Activation and Smart Setup workstreams, reducing user drop-off rates by 20%.
- Mentored 3 junior designers on UX best practices and craft, improving team productivity by 15%.
- Translated user research and insight-gathering into design solutions adopted across product lines; received the 2025 Design Excellence Award at Verizon's Ideathon for interface design innovation.

UX Design Manager | Capgemini (Verizon account)

Hyderabad, India (Hybrid) • *Sep 2021 – Oct 2024*

- Led UX strategy and design delivery for Capgemini's Verizon prepaid account, redesigning web and responsive mobile portfolio experiences to increase prepaid sales conversion.
- Increased user engagement and retention by 30% through an end-to-end redesign of the web application interface.
- Boosted mobile traffic by 50% by applying adaptive, responsive design principles to the connected-devices purchase journey.
- Reduced user error rates by 10% by conducting targeted user research and usability testing to inform redesign decisions.
- Streamlined the design workflow by introducing a new framework for Verizon's customer loyalty program, improving cross-departmental delivery speed by 20%.

Senior UX Designer | Pegasystems

Hyderabad, India • *Jan 2020 – Sep 2021*

- Defined and led end-to-end UX design strategy for enterprise product lines, mentoring junior designers and ensuring delivery of high-quality, user-centered solutions.
- Applied strategic UX principles to simplify complex enterprise workflows into intuitive user experiences.
- Improved cross-departmental communication and design handoff processes, contributing to a 20% faster project completion rate.

Senior UI Graphic Designer | **Avineon**

Hyderabad, India • *Jun 2018 – Dec 2019*

- Led creation and implementation of high-fidelity UI designs and graphic assets, enhancing user engagement by 30% through intuitive visual storytelling and consistent brand representation.

Senior UI/UX Designer | **Innovapptive Inc**

Hyderabad, India • *Nov 2013 – Jun 2018*

- Designed and delivered end-to-end digital experiences for SAP-based enterprise products, enhancing user engagement and customer satisfaction.
- Partnered with the digital marketing team to produce collateral supporting product launches and campaigns.
